

CON@SK.PL PROJECT KICK-OFF MEETING

Transboundary ecological connectivity – modelling landscapes and ecological flows

Stará Lesná, Slovakia, 27-28.06.2017

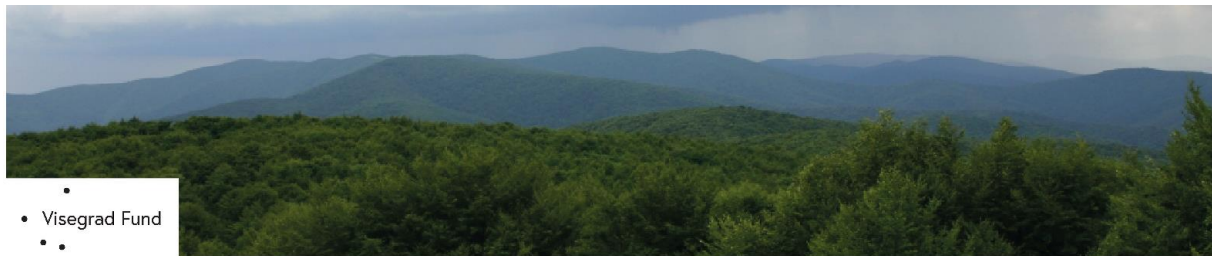

First day: MEETING (27.06.2017)
9:30 – 11:00: Introduction and the state of the art in connectivity assessment
<p><i>Welcome (Robert Pazur, SAS, WSL; Katarzyna Ostapowicz, JU)</i></p> <p>Taking the long view to understand effects of land use change on biodiversity and connectivity <i>Catalina Munteanu, Humboldt University of Berlin</i></p> <p>CON@SK.PL project aims and objectives (Robert Pazur, SAS, WSL; Katarzyna Ostapowicz, JU)</p> <p><i>Discussion</i></p>
11:00– 11:30: Coffee break
11:30 – 13:00: Current practice and future directions in conservation and connectivity assessment in the mountainous region PART 1 (Chair: Robert Pazur WSL)
<i>Presentations from the project partners and invited speakers</i>
13:00 – 13:40 Lunch
13:40 – 15:30: Current practice and future directions in conservation and connectivity assessment in the mountainous region PART 2 (Chair: Katarzyna Ostapowicz JU)
<i>Presentations from the project partners and invited speakers</i>
15:30 – 16:00: Coffee break
16:00 –17:00: Good practice in conservation and connectivity assessment
<i>Discussion</i>
19:00 - ... Dinner

Second day: FIELD TRIP: Tatra National Park (Slovakia) (28.06.2017)

Contact persons:

Robert Pazur (WSL): robert.pazur@wsl.ch;
 Katarzyna Ostapowicz (JU): katarzyna.ostapowicz@uj.edu.pl

CON@SK.PL PROJECT KICK-OFF MEETING

Transboundary ecological connectivity – modelling landscapes and ecological flows

Stará Lesná, Slovakia, 27.06.2017

11:30 – 13:00: Current practice and future directions in conservation and connectivity assessment in the mountainous region PART 1 (Chair: Robert Pazur WSL)

11:30 *The state of the art in large mammals' habitat connectivity assessment*
11:50 Elżbieta Ziółkowska, Institute of Environmental Sciences, Jagiellonian University, Poland

11:50 *Restitution of the wisent population to the Carpathians and ecological connectivity*
12:10 Kajetan Perzanowski, Museum and Instit. of Zoology, Polish Academy of Sciences, Poland

12:10 *Developing an innovative 3D ecological connectivity assessment approach at the region scale: NFC contribution*
12:30 Ivan Sačkov, Vladimír Šebeň, National Forestry Centre, Slovakia

12:30 *Modelling 3D connectivity of wooded vegetation at the national scale for Switzerland*
12:50 Bronwyn Price, Swiss Federal Research Institute WSL, Switzerland

13:40 – 15:30: Current practice and future directions in conservation and connectivity assessment in the mountainous region PART 2 (Chair: Katarzyna Ostapowicz JU)

13:40 *Received data about large carnivores from different sources in the Pienap territory*
14:00 Katarína Kisková, National park of Pieniny, Slovakia

14:00 *Brown bears in the High Tatras : Slovakian experience*
14:20 Juraj Ksiažek, Tatra National Park, Slovakia

14:20 *From territorial to transboundary bears - 15 years of bears telemetry in the Tatra National Park*
14:40 Tomasz Zwijacz-Kozica, Tatra National Park, Poland

14:40 *Complex, multi-components studies as a way of getting to know large mammal migration corridors*
15:00 Damian Nowak, Zenon Wojtas, Magurski National Park, Poland

15:00 *Maintaining connectivity of the relict, cryptic and umbrella species in the Anthropocene: human settlements cause limited gene flow in capercaillie population*
15:20 Peter Klinga, Technical University in Zvolen, Slovakia

Meeting location: Congress Center ACADEMIA, Stará Lesná, 059 60 Tatranská Lomnica
